Sumaan Khan Bagewadi

NIC Bangalore | Software Application Support Engineer & Web Developer | Skilled in MongoDB, Laravel, PostgreSQL.
Bengaluru, Karnataka, India

Summary

I am currently a Software Application Support Engineer at NIC, Bangalore, with 10 months of hands-on experience in web development using the Laravel framework. My expertise spans key programming languages such as HTML, CSS, PHP, and JavaScript, enabling me to build robust and scalable web applications. I have experience working with both PostgreSQL and MongoDB as database management tools, delivering efficient, secure, and data-driven solutions for complex projects.

Experience

NIC Bangalore
Software Application Support Engineer
December 2023 - Present (10 months)
Bangalore

"I successfully contributed to the development of KAT Services, a key online service portal for the Karnataka Administrative Tribunal (KAT). This project involved building and enhancing the portal using the Laravel framework, where I played a crucial role in ensuring seamless user experience and efficient backend management. I worked extensively with HTML, CSS, PHP, JavaScript, PostgreSQL, and MongoDB to deliver a secure, responsive, and scalable solution that helps streamline administrative processes and improve public accessibility to legal services."

Education

Moodlakatte institute of technology Kundapura
Bachelor of Engineering - BE, Electronics and communication engineering · (2019 - 2023)
